British University in Dubai, July 3<sup>rd</sup>- 4<sup>th</sup>, 2025

Ghazal leading projects  
مشاريع غزال الرائدة

The International Conference on Cyber Resilience (ICCR 2025) marks the third edition of this esteemed conference series, dedicated to advancing knowledge and fostering collaboration in the field of cybersecurity. ICCR aims to unite leading academicians, scientists, researchers, and practitioners from around the globe to share innovative ideas and the latest advancements across a wide range of topics, including: Cybersecurity and AI, Digital Forensics, Cryptography, Steganography and Watermarking, Financial Technology Security, Cryptocurrency and Blockchain Security, Security Management, Business Security, Cybersecurity in Digital Health, Cyber Law, Policy and Strategy, Cybercrime and Cyber Harassment, and Cybersecurity in Smart Cities. The increasing reliance on digital technologies and the growing volume of sensitive information accessible via the Web, social media, and intranet services underscore the critical importance of cyber resilience. ICCR provides a platform for theoretical and practical discourse on the multifaceted aspects of cyber resilience. It is hosted by the British University in Dubai, Universiti Kebangsaan Malaysia, and Cyber Security Academia Malaysia, and in collaboration with strategic partners including Cyber Security Center of Dubai University, Center for Cyber-Physical Systems of Khalifa University, École Spéciale de Mécanique et d'Electricité, United Software and Technologies International, Skyline University College, Middel Technical University and Ghazal Leading Projects, reflecting their commitment to world-class scholarship, education, and research, and focus on innovation and leadership aligns perfectly with ICCR's goals, making them the ideal collaborators.
